PROFESSIONAL SUMMARY

- B.Tech graduate in Artificial Intelligence & Data Science (8.4 CGPA) with a strong foundation in Java, Python, OOP, and data structures with enhanced project building capabilities using AI and LLM Models.
- Hands-on experience delivering full end-to-end applications, including a face-recognition attendance system
- Currently upskilling in the OutSystems low-code platform in preparation for enterprise application development
- Strong communication and coordination skills demonstrated through hackathon program management and outreach to 250+ students
- Comfortable picking up new platforms quickly and applying them effectively under real deadlines
- Available for immediate joining

TECHNICAL SKILLS

Core Languages: Java (OOP, Data Structures & Algorithms, Logic Building) | Python (Scripting, Automation) | SQL

Low-Code Platform: OutSystems (actively learning - Service Studio, Entities, Aggregates, Server/Client Actions, Modules)

AI/LLM: Anthropic(Claude, Claude Code), Google(Gemini, Codex), OpenAI(ChatGPT)

ML / AI: Scikit-learn, NumPy, Pandas, OpenCV | Exposure: TensorFlow, PyTorch

Tools: Git, GitHub, VS Code, Jupyter Notebook

Ready to Ramp Up: Cloud Platforms (AWS), MLOps, advanced OutSystems architecture patterns

PROJECT

AbyssEye — Automated Attendance System | Python · OpenCV · Tkinter · NumPy · CSV

- Built a real-time face recognition system using Haar Cascade + LBPH, achieving reliable identification across 200+ grayscale images per user.
- Engineered a full GUI application workflow (login, registration, module switching) with crash-safe camera restart handling for production reliability.
- Reduced manual attendance effort by ~100% through automated CSV logging with timestamps and unidentified-face archiving.

EXPERIENCE & LEADERSHIP

Hackathon Coordinator | Dhaanish Ahmed College of Engineering

- Addressed 250+ students for event announcements; handpicked and managed 60+ participants across college and industry hackathons, providing training and supporting skill-development outcomes.

ACADEMICS

Dhaanish Ahmed College of Engineering, Chennai — 2022 - 2026

B.Tech — Artificial Intelligence & Data Science | CGPA: 8.4 / 10.0

GKM Vidyashram, Chennai — XII, Biology with Mathematics | 76% (2019-2021)

Alwin Memorial Public School, Chennai — X (2019)

CERTIFICATIONS & VIRTUAL EXPERIENCE

Data Analytics Job Simulation — Deloitte Australia (Forage) | 2026

- Analyzed client datasets to identify business trends and anomalies using real-world data interpretation and forensic technology techniques.
- Completed end-to-end consulting simulation tasks mirroring Deloitte's data practice workflows.

ACHIEVEMENTS

- Best Student Award — Dhaanish Ahmed College of Engineering
